

Go Deeper: Titus 2:4b,5

- 1) Read Titus 2:1-6 out loud to yourself. Does any one of these characteristics that younger women are to be taught stand out to you as an area you need to change your attitude or behavior? Write what the Lord is laying on your heart.

- 2) Find these words in a concordance and look up scripture passages where they are used. Put an X beside the words where you know you are lacking. Write out what you are going to start doing, with God's help, that will bring you closer to what God desires for you to be.
